

## **Director of Public Works – Susquehanna Township**

Susquehanna Township, Dauphin County, PA is seeking a strategic, dynamic, personable and visionary leader for the position of Director of Public Works. This position is responsible for the management of highway and sanitary sewer divisions consisting of a staff of 20, including 17 unionized employees. This is a Department Head-level position that reports directly to the Township Manager.

The successful candidate must possess a Bachelor's Degree from an accredited four-year college or university in Civil Engineering or an equivalent field of study and broad-based, demonstrated experience in Public Works or a related field. Particular experience in asset management and capital planning is highly desired.
